The Vendor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Vendor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the Vendor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Vendor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Finally, for contracts with defined DBE contract goals, the Vendor shall utilize the specific DBEs listed unless the Vendor obtains Metro Bus's written consent; and that, unless Metro Bus's consent is provided, the Vendor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

6. Failure to comply with these prompt payment requirements is a breach of the Contract, which may lead to any remedies permitted under law, including, but not limited to, Vendor debarment.

In accordance with the statute, the Vendor shall pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, the Vendor agrees to pay wages not less than once a week. The Vendor shall also comply with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by DOL regulations at 29 C.F.R. part 3, "Vendors and Subcontractors on Public Building or Public Work Financed in Whole or in part by Loans or Grants from the United States." The Vendor is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

Contract Work Hours and Safety Standards for Construction

For all contracts in excess of \$100,000 that involve the employment of mechanics or laborers, the Vendor shall comply with the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708), as supplemented by the DOL regulations at 29 C.F.R. part 5. Under 40 U.S.C. § 3702 of the Act, the Vendor shall compute the wages of every mechanic and laborer, including watchmen and guards, on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or to contracts for transportation or transmission of intelligence.

In the event of any violation of the clause set forth herein, the Vendor and any subcontractor responsible shall be liable for the unpaid wages. In addition, the Vendor and subcontractor shall be liable for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of this clause in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this clause.

The FTA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Vendor or subcontractor under any such contract or any other Federal contract with the same prime Vendor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Vendor, such sums as may be determined to be necessary to satisfy any liabilities of such Vendor or subcontractor.

The Vendor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Vendor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this agreement.

Contract Work Hours and Safety Standards for Awards Not Involving Construction

The Vendor shall comply with all federal laws, regulations, and requirements providing wage and hour protections for non-construction employees, in accordance with 40 U.S.C. § 3702, Contract Work Hours and Safety Standards Act, and other relevant parts of that Act, 40 U.S.C. § 3701 et seq., and U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. part 5.

The Vendor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.

Such records maintained under this paragraph shall be made available by the Vendor for inspection, copying, or transcription by authorized representatives of the FTA and the Department of Labor, and the Vendor will permit such representatives to interview employees during working hours on the job.

The Vendor shall require the inclusion of the language of this clause within subcontracts of all tiers.

ADA Access

The Vendor agrees that all work performed will be in compliance with all applicable laws pertaining to access. The Vendor also agrees to comply with all applicable provisions of the ADA Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to individuals with disabilities; with the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to individuals with disabilities; and with other laws and amendments thereto pertaining to access for individuals with disabilities that may be applicable.

The Vendor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

Safe Operation of Motor Vehicles

Seat Belt Use

The Vendor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles company rented vehicles, or personally operated vehicles. The terms "company-owned vehicles" and "company-leased vehicles" refer to vehicles owned or leased either by the Vendor or Metro Bus.

Distracted Driving

The Vendor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer and driving a vehicle the driver owns or rents, a vehicle the Vendor owns, leases, or rents, or a privately-owned vehicle on official business in connection with the work performed under this agreement.

Government-Wide Debarment and Suspension

Clause

The Vendor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Vendor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

- a) Debarred from participation in any federally assisted Award;
- b) Suspended from participation in any federally assisted Award;
- c) Proposed for debarment from participation in any federally assisted Award;

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by Metro Bus. If it is later determined by Metro Bus that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to Metro Bus, the Federal Government may

pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Lobbying Restrictions

Clause

The Vendor certifies, to the best of its knowledge and belief, that no Federal appropriated funds have been paid or will be paid by or on behalf of the Vendor for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement, the Vendor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

The Vendor shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which Metro Bus has relied to enter this Contract. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. section 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure. By its signature on this Contract, the Vendor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, Vendor understands and agrees that the provisions of 31 U.S.C. Section 3801, et seq., apply to this certification and disclosure, if any.

National Intelligent Transportation Systems (ITS) Architecture and Standards

To the extent applicable, the Vendor agrees to conform to the National Intelligent Transportation Systems (ITS) Architecture and Standards as required by section 5206(e) of TEA-21, 23U.S.C. §section 502 note, and to comply with FTA Notice, "FTA National ITS Architecture Policy on Transit Projects" 66 Fed. Reg. 1455 et seq., January 8, 2001, and other Federal requirements that may be issued.

Telecommunications Certification

The Vendor certifies through the signing of this contract that, consistent with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (Aug. 13, 2018), the Vendor does not and will not use any equipment, system, or service that uses "covered telecommunications equipment or services" (as that term is defined in Section 889 of the Act) as a substantial or essential component of any system or as critical technology as part of any system. The Vendor will include this certification as a flow down clause in any subcontract related to this Contract.

No Government Obligation to Third Parties

Clause

The Recipient and Vendor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Recipient, Vendor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Vendor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

Program Fraud and False or Fraudulent Statements and Related Acts

Clause

The Vendor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Vendor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Vendor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Vendor to the extent the Federal Government deems appropriate.

The Vendor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Vendor, to the extent the Federal Government deems appropriate.

The Vendor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

Recycled Products

Clause

The Vendor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

Termination

Termination for Convenience (General Provisions)

Metro Bus or the Vendor may terminate this contract, in whole or in part, at any time by thirty (30) day written notice to either party when it is in Metro Bus's or the Vendor's best interest. The Vendor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Vendor shall promptly submit its termination claim to Metro Bus to be paid. If the Vendor has any property in its possession belonging to Metro Bus, the Vendor will account for the same, and dispose of it in the manner Metro Bus directs.

Termination for Default (Breach or Cause) (General Provision)

If the Vendor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services and the Vendor fails to perform in the manner called for in the contract, or if the Vendor fails to comply with any other provision of the contract, Metro Bus may terminate this contract for default. Termination shall be effected by serving an advanced thirty (30) day written Notice of Termination on the Vendor setting forth the manner in which the Vendor is in default. The Vendor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by Metro Bus that the Vendor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Vendor, Metro Bus, after setting up a new delivery of performance schedule, may allow the Vendor to continue work, or treat the termination as a Termination for Convenience.

Opportunity to Cure (General Provision)

Metro Bus, in its sole discretion may, in the case of a termination for breach or default, allow the Vendor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and any other appropriate conditions will be specified.

If the Vendor fails to remedy to Metro Bus's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Vendor of written notice from Metro Bus setting forth the nature of said breach or default, Metro Bus shall have the right to terminate the contract without any further obligation to the Vendor. Any

such termination for default shall not in any way operate to preclude Metro Bus from also pursuing all available remedies against the Vendor and its sureties for said breach or default.

Waiver of Remedies for any Breach

In the event Metro Bus elects to waive its remedies for any breach by Vendor of any covenant, term or condition of this contract, such waiver by Metro Bus shall not limit Metro Bus's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

Termination for Default (Construction)

If the Vendor refuses or fails to prosecute the work or any separable part, with the diligence that will ensure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Vendor fails to comply with any other provision of this contract, Metro Bus may terminate this contract for default. Metro Bus shall terminate by delivering to the Vendor a thirty (30) day Notice of Termination specifying the nature of the default. In this event, Metro Bus may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Vendor and its sureties shall be liable for any damage to Metro Bus resulting from the Vendor's refusal or failure to complete the work within specified time, whether or not the Vendor's right to proceed with the work is terminated. This liability includes any increased costs incurred by Metro Bus in completing the work. The Vendor's right to proceed shall not be terminated nor shall the Vendor be charged with damages under this clause if:

1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Vendor. Examples of such causes include acts of God, acts of AGENCY, acts of another contractor in the performance of a contract with Metro Bus, epidemics, quarantine restrictions, strikes, freight embargoes; and
2. The Vendor, within [10] days from the beginning of any delay, notifies Metro Bus in writing of the causes of delay. If, in the judgment of Metro Bus, the delay is excusable, the time for completing the work shall be extended. The judgment of Metro Bus shall be final and conclusive for the parties, but subject to appeal under the Disputes clause(s) of this contract. If, after termination of the Vendor's right to proceed, it is determined that the Vendor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Metro Bus.

Termination for Convenience or Default (Architect and Engineering)

Metro Bus may terminate this contract in whole or in part, for Metro Bus's convenience or because of the failure of the Vendor to fulfill the contract obligations. Metro Bus shall terminate by delivering to the Vendor a thirty (30) day Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Vendor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to Metro Bus's Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this

contract, whether completed or in process. Metro Bus has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of Metro Bus, Metro Bus's Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Vendor to fulfill the contract obligations, Metro Bus may complete the work by contract or otherwise and the Vendor shall be liable for any additional cost incurred by Metro Bus.

If, after termination for failure to fulfill contract obligations, it is determined that the Vendor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Metro Bus.

Violation and Breach of Contract

Rights and Remedies

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by Metro Bus or the Vendor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

Substantial failure of the Vendor to complete the project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, Metro Bus will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Vendor recognizes that in the event of a breach of this Agreement by the Vendor before Metro Bus takes action contemplated herein, Metro Bus will provide the Vendor with sixty (60) days written notice that Metro Bus considers that such a breach has occurred and will provide the Vendor thirty (30) days to respond and to take necessary corrective action.

Rights and Remedies of Metro Bus

Metro Bus shall have the following rights in the event that Metro Bus deems the Vendor is guilty of a breach of any term under the Contract.

1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Vendor, either directly or through other contractors;
2. The right to cancel this Contract as to any or all of the work yet to be performed;
3. The right to specific performance, an injunction or any other appropriate equitable remedy; and
4. The right to money damages.

For purposes of this Contract, breach shall include, but not be limited to, failure to proceed with work, failure to perform, failure to supervise, failure to comply with Metro Bus written directives in accordance with the contract.

Rights and Remedies of the Contractor

Inasmuch as the Vendor can be adequately compensated by money damages for any breach of this Contract, which may be committed by Metro Bus, the Vendor expressly agrees that no default, act or omission of Metro Bus shall constitute a material breach of this Contract, entitling Vendor to cancel or rescind the Contract (unless Metro Bus directs Vendor to do so) or to suspend or abandon performance.

Disputes

Metro Bus and the Vendor intend to resolve all disputes under this Agreement to the best of their abilities in an informal manner. To accomplish this end, the parties will use an Alternative Dispute Resolution process to resolve disputes in a manner designed to avoid litigation. In general, the parties contemplate that the Alternative Dispute Resolution process will include, at a minimum, an attempt to resolve disputes through communications between their staffs, and, if resolution is not reached at that level, a procedure for review and action on such disputes by appropriate management level officials within Metro Bus and the Vendor's organization. In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this Contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the Contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious, or grossly erroneous manner.

Performance during Dispute

Unless otherwise directed by Metro Bus, the Vendor shall continue performance under this Contract while matters in dispute are being resolved.

Claims for Damages

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents, or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within ten (10) days after the first observance of such injury or damage. In addition, the vendor agrees to notify Metro Bus's project manager within 24 hours either verbally or in writing of any injury or damage that occurs relating to the project.

Incorporation of Standard FTA Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in the most current FTA Circular 4220, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this agreement. The Vendor shall not perform an act, fail to perform an act, or refuse to comply

with any Metro Bus requests which would cause Metro Bus to be in violation of the FTA terms and conditions.
