

Addendum II

Date: May 29, 2024

From: Gary Korneck, Procurement Manager, Metro Bus

Subject: Revised RFP Scope of Work for Backup Generator / Clarification to Request for FTA Required Certification Forms

4.0 SCOPE OF WORK

4.4 Addition of Backup Electrical Source for CNG Fueling Operations

- ~~a. Evaluate, design and installation of a backup electrical source that would allow for uninterrupted fueling operations in the event of an electrical outage. (i.e. standalone or portable generator, or potential linkup with Metro Bus's existing backup generator) ^{GK}~~
- a. Installation of a universal electrical plug-in to accommodate for a rental or purchased back-up generator at Metro Bus's choosing. Firms will only need to provide for the electrical plug, the backup generator will be acquired directly by Metro Bus and sized to provide backup power for one (1) CNG compressor.

7.0 REQUIRED CERTIFICATION DOCUMENTS

7.1 FTA Certifications and ~~Affidavits~~ ^{GK} Required ^{GK}

The following certifications and ~~other attachments~~ ^{GK} have been provided as part of this Request for Proposal and are required to be submitted with each proposal:

- a. Integrity Certification-Debarment-Suspension
- b. Schedule C – Contractors Schedule of DBE Participation
- c. Schedule D – Certification of Compliance with DBE Requirements
- d. Schedule F – Letter of Intent to Perform as a Subcontractor

Failure by the Proposer to provide these executed documents with their proposal will deem their proposal non-responsive and will not be considered.
